Former Carnegie Trust Company Head Thought He Had Old Secret.

Chemist Tells of Discovery Which Resulted Fatally to His Backer.

sive Dispatch.] The secret of mys-terious chemical experiments which resulted in the death of Charles Coul-ter Dickinson, former president of the Carnegie Trust Company of New York, in a hospital in that city Tues-

York, in a hospital in that city Tuesday morning, was revealed today by Dr. F. W. Lange.

Dr. Lange is a local chemist and physician who asserts he has discovered the long-sought secret process for transmuting base metals into gold and silver. It was in Dr. Lange's laboratory here that Mr. Dickinson was overcome by the acid fumes which later resulted in his death.

Dr. Lange says Mr. Dickinson, when Dr. Lange says Mr. Dickinson, when he saw before him base metals being ransmuted into sliver, became over-

### REV. SINNOTT IS CENSURED

General Assembly Committee Investigates.

Too Active in Kicks Against Prohibition Amendment.

Considered. [ASSOCIATED PRESS NIGHT REPORT.]

Changes in Church Doctrines

LEWISBURG (W. Va.) May 25.— The pronibitionists won a decided vic-tory when the General Assembly to-day approved the report of the comthe North Presbytery of Alabama, for sanctioning the recently-proposed pro-hibition amendment to the Alabama Constitution. The commission did not constitution. The commission did not ustain the complaint, and censured

The commission found that Rev. Mr. Sinnott had been represented in the daily press of Alabama, during a political campaign, as an opponent of prohibition, and the Presbytery, believing it was greatly prejudiced thereby, made an announcement favoring the made an announcement favoring the prohibition amendment. The judg-ment of the majority reads:

THE REPORTS

which mode, in this case, was the ursing of our people in Alabama to vote for constitutional prohibition.

"Tae Presbytery of North Alabama tid not originate or advise the State to adopt this mode, but, in accordance with the oft-repeated instruction of our General Assembly to "use all legitingte means to banish the liquor traffic, after the State had provided this means, urged it upon its constituency expressly on moral and political grounds."

The commission condemned the "action, language and spirit" of the complaint, as "highly unbecoming in a contention that more sugar was turned to contention that more sugar was turned.

DOCTRINAL CHANGES.

Ing of the "elect infant" clause itself.

THE FOOT NOTE.

The ad interim committee reported its first recommendation as a foot more reading:

The paragraph (the elect infant clause) cannot, by a fair interpretation of the language, be construed as teaching that any of those who die language, be construed as teaching that any of those who die language, be construed as teaching that any of those who die language, be construed as teaching that any of those who die language, be construed as teaching that any of those who die language in fants are not the language, be construed as the language of the lan

### HYDE JUROR EXPLAINS. Last One to Agree to Conviction Says He Reached Verdict by Deliberation Only.

[ASSOCIATED PRESS NIGHT REPORT.] KANSAS CITY, May 25.—Samuel R RANSAS CITT. May 25.—Samuel R. Sibley of Sedalia, the last jure to agree to the conviction of Dr. B. C. Hyde, does not want people to think he was influenced by anything but his own beliefs when he voted adversely to the physician. Writing to Judge Ralph S. Latshaw today, the juror said:

"As one of the juror said:

"As one of the jurors in the Hyde
case, I wish to say that there was not
any game of chance to my knowledge
in deciding the case, and that I reached
my verdict by my own deliberations."

### DOB GRAVES TO GET HAIR.

FIRST WIFE OF HENRY CURTIS ELLIOTT LOSES.

Demurrer by Second Wife Is Sus-tained—He Was Killed in Snowslide After Discovering Copper Claims Now Valued at Twenty-five Millions—Features of Wills.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, May 25 .- [Exclusive Dispatch.] Mrs. Katherine May Elliott first wife of the late Henry Curtis El-liott, who was killed in a snowslidin Alaska, after he had discovered cop-per claims now said to be worth \$25, 000,000, today, lost her legal battle for erty, when Judge Windes sustained the demurrer to her suit filed by Elliott's second wife, Mrs. Grace Van Wormer

This was another chapter in the dra-matic life story of Elliott. Elliott's interests in the 135 claims he discovinterests in the 135 claims he discovered, and which now are the property of the Hubbard-Elliott Mires Development Company, are valued at \$2,000,000. To his first wife was left all of his property in a will finde before she divorced him, charging desertion, in that he remained in the ice fields of

that he remained in the ice fields of Alaska three years without returning to her. To the will was appended a contract signed by Elliott, making over to her one-half of all he might find in Alaska in confideration of \$500 which she gave him before he started. A later will left his property intact. the income to go to his widow until his son, Henry Curtis Elliott, now 2 years old, should be 21. One-half of the principal then was to be divided equally between her and the son and the other half was to be held in trust until it amounted to \$1,00,000 when a home for Friendless Children was to be built in Chicage with it.

Her Majesty Greatly Interested in Description of Place Occupied by Women in the United States—Col. Roosevelt Meets Many New and Old

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, May 25.—Mrs. Roosevelt spent an hour or more today in the company of the Queen Mother Alexan-dra, while the ex-President received a deputation from the British group of the Inter-Parliamentary Union. This was composed of Lord Weardale, T. P. O'Connor, Sir Edward Sasson, and Arthur H. Cransfield, M. P., who presented him with an address. presented him with an address.

Mrs. Rooseveit remained for more than an hour at the palace, and the conversation between the two had a wide range. The Queen Mother was especially interested in her visitor's description of the place occupied by women in the United States.

Her Majesty also inquired about Mrs. Rooseveit's journey to the Soudan to meet her husband and listened with evident pleasure to the experiences related.

Mr. Rooseveit began the day by breakfasting with Sir Edward Gray, the foreign secretary. Then, with R. J. Cunninghame, Lesile A. Tariton, of Nairobi, and Seth Builock, he proceeded to the Zoo. Other visitors, learn-

ed to the Zoo. Other visitors, learn-ing of Mr. Roosevelt's presence, soon

ing of Mr. Roosevelt's presence, soon gathered around, but kept at a respectful distance.

Several big game hunters, whom the former President met in Africa, joined him at luncheon at Lieut.-Col. Lee's. A committee from the Hamilton Club of Chicago, bafore which Mr. Roosevelt will make an address in the autumn, paid their respects, and assured him of the great reception that awaited him in Chicago.

Among his afternoon callers were Lord Avebury, Rudyard Kipling and several members of the House of Commons.

DATA ON EUCALYPTUS.

ate and Federal Forestry Officials to Co-operate in Securing Sta-tistics for California.

(BY DIRECT WIRE TO THE TIMES.) try has grown so extensively in Call-fornia and the market is so full of investments on lands fit for growing the new hardwood that the State and Federal forestry services will endeavor to gather extensive data to be pub-lished as a bulletin under the direc-tion of State Forester George M. Ho-

mans.

Deputy State Forester Max Smith and Louis Margolin of the forestry service will start out soon on a trip to cover the State examining the standing groves by measuring board feet, number of cords and length of time it took to grow the mature trees. As nearly all the full-sized eucalyptus trees now standing were raised for windbreaks or to be used for stove wood, conditions will differ slightly from the regular plantations being set out for commercial purposes.

POTTSVILLE (Pa.) May 25.—Potts-ville today finds that the loss by the storm of last night will total almost \$250,000. It was the worst storm in the town's history, not equaled even by the flood of 1850. Factories are closed, mines are flooded and many stores are closed.

STICKS TO TOOLS. Charles Muckett, a gardener, who seems to have been over-ambitious to extend his gardening operations, was arrested yesterday evening by Detectives Carroll and Louis Rico on a charge of petty larceny. Muckett, it is charged, made it a practice to walk out of every garden in which he was is charged, made it a practice to wark out of every garden in which he was employed with as many spades, trowels, rakes and other tools as he could carry. The officers found him in a pawnshop at the corner of First and Alameda street.

\$1.39

Made of satin calfskin, with solid leather soles. All sizes from 1 to 5 1-2. Mothers continue to remark that this is the best line in the city at \$1.89.

### Days and You will Pay More for "Home Builders" Stock

A more important appeal or announcement was never made in as few words as the above.

You have again come to the deciding point—as you did sixty days ago when your good horse sense told you to buy "HOME BUILDERS" shares. Act now and act promptly, and not regret again.

These periods are constantly occuring with "HOME ILDERS"—to have bought sixty days ago, today you'd be money ahead in both generous cash dividends and en-hancement of value of stock.

Again this same cross foad is in sight. The advance in price of "HOME BUILDERS" stock from \$1.85 to \$1.90 is the inevitable result of the rapid accumulation of its surplus and undivided profits which today amounts to over \$185,000.00 and in which every shareholder has a pre rata

"HOME BUILDERS" 16 per cent. dividends on par, which is about 9 per cent. on the money paid for the shares at \$1.85, is the direct product of its interest and

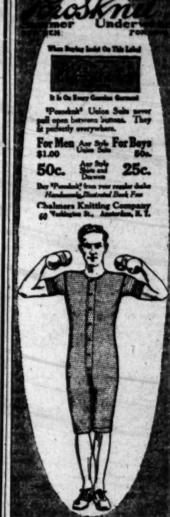

The money you pay in for stock, both the par and the 85c premium, goes into building homes against which "HOME BUILDERS" holds deeds or first mortgages as security for your investment. "HOME BUILDERS" does not speculate with your money. Its plan is right—its methods aquare and its reputation above reproach. To hesitate is only to wish you had bought. Buy now for you know you are now doing the wise thing.

### **COLLEGE CREWS** TO TRY AGAIN.

Washington Oarsmen Refuse to Retain Award.

Stanford Coxwain Narrowly Escapes Drowning.

Northerners' Shell Halved by Heavy Waves.

championship of the Pacine Coast.

The members of the Washington crew
declined to accept the decision given
in their favor today by Referee A. J.
Balliet, the former Yale oarsman.

The awarding of today's unfortunate

test to Washington, though tech-

ship in such a manner.

Accordingly they decided to postpone their departure for Madison, where they meet Wisconsin, June 4, until to-morrow night, and race the Stanford crew again tomorrow morning.

The loss of Washington's new shell will handicap the local crew in tomorro's contest as its second shell is much heavier than the one wrecked today. The Stanford shell was not damaged, and none of the oarsmen suffered injury, Coxawain Guerena of Stanford, who was nearly drowned, recovering without experiencing any ill effects.

YESTERDAY'S ATTEMPT.

When the Stanford and Washington

Park in the three-mile race for the championship of the Pacific Coast this afternoon, the north wind was kicking up waves two feet high and the carmen had no expectation of being able to keep afloat to the end of the course. Before they had gone three-quarters of a mile, all the men were in the water, the shell of. Washington upilt in two and Coxswain Guerena of Stanford almost drowned.

Referee Balliet awarded the race to Washington on the ground that both crews had rowed more than half a mile and that Washington had a lead when the final catastrophe ended the race.

The crews were at the starting point at 9:30 o'clock, and waited all morning for the wind to abate, but instead it increased. The race could not be postponed until tomorrow, for the Washington men had arranged to start for Madison. Wis., tonight to take part in the regatta there. So it was agreed to row this afternoon, regardless of the waves.

At the start Stanford shot half a length ahead, but Washington pulled up even with the Californians in half a minute, and continued to gain so that at the end of the four minutes Washington led by a length and a half. The crews had gone about five-eighths of a mile with the wind against them sund had reached a point where the breeze had a fine sweep. The Stanford shell suddenly filled with water, and the oarsmen swam toward the excursion boat, except Coxawain Guerena.

[ASSOCIATED PRESS NIGHT REPORT.] ALBANY (N. Y.) May 25.-Glen H. Curtiss was strongly of the opinion tonight that he would not attempt to-morrow morning to earn the \$10,000 offered by the New York World for an aëroplane flight from Albany to New York.

The shall are the second base and second when the provided by the second base and pool of water and and the second base and th

wenty Experts Begin Tourney of Santa Barbara—Final Matches Set for Friday.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, May 25.—[Exclusive Dispatch.] The Southern California Whist Association commenced its semi-annual tournament at the Potter this afternoon with twenty members playing compass whist. B. L. Richards and P. N. Gibbons were the winners in the afternoon of the North and South with a score of plus six.

Stendall of Pasadena, tied with Mrs. S. S. Willer and R. Neville of Los Angeles, for the East and West with scores of plus six. Tomorrow afternoon and evening the play will be pair match for the gold metal and trophy under the Howell system. On Friday the last day of the meeting, the champlonship match will be played. The playing both this afternoon and evening was animated and the interest, at a high pitch. Tomorrow morning members will arrive from the south and the number playing is expected to be doubled.

Those who took part in the play today were: Mrs. M. S. Jenks, R. Neville, W. P. Hannaford, Mrs. S. C. Baxter, Miss Alice Waterman, Mrs. S. S. Wilder, Mr. and Mrs. J. W. Henricks, Mrs. J. L. Merrill, Mr. and Mrs. S. S. Wilder, Mr. and Mrs. B. O. Kendall, Mr. and Mrs. B. C. Bicknosky, Pomona; G. T. Morrison, D. L. Feagon, Ventura; Miss E. C. Percevall, Miss D. Wolsfgruber, F. N. Finney, South Pasadena.

All Fair-Minded Men for Industrial Peace.

Freedom from Labor Union Domination an Asset.

Brewery Strikers Feel Sad; Ironworkers Next.

"Industrial peace is one of the main issues in the present strike," said Secretary Zechandelaar of the Merchants and Manufacturers' Association yesterday. "The public should stand back of the brewers, who are making a determined fight for the open shop.
"This city has long been famed as a place where unionite trouble-breeders have few sympathisers. We fought the battle years ago for freedom from the domination of the labor unions. It is one of the greatest assets of Los Annone of the gre

READY FOR TROUBLE. IRON MANUFACTURERS FIRM.

Paid labor union agitators, hoping to fatten on the misfortunes of their dupes, propose to order the iron work-ers of the city on strike, and the men are expected to leave their good jobs next Monday.

made on the manufacturers for the unionizing of the shops, and the de-mand also called for minimum wages of \$4 a day for a maximum of eight

as, nevertheless, apparent INTO WASTE BASKETS.

The Foundrymen's Association held a meeting and immediately voted to turn down the application for unionized

together with his request for anorter hours.

Separately, the manufacturers are ready to meet their own men half way, but they balk at the demand of the paid organisers to make terms for their employés.

Unless the men decide for themselves to abandon the labor bosses there will be another spectacle of families of strikers in want, for the manufacturers are not to be caught napping, an I already have arranged to have the places of every striker filled within an hour of the time he leaves the foundry.

the time that the office of saloon moved to a feelegation of saloon moved to the case of t

SPECIAL EXCURSION.

A special excursion is being arranged to Oceano Beach over the Southern Packic Coast Line, which will leave Los Angeles Saturday under the auspices of the Oceano Land and Harbor Company. The excursion will return Monday afternoon after taking in all the places of interest surrounding San Luis Obispo Bay, the Arroyo Grande Valley and the oil fields of Santa Maria. A feature of the excursion will be a visit to the government breakwater, which is being built at the northern end of the bay, and a trip to the flower-seed farms, which at this season of the year are in full bloom in the Arroyo Grande Valley.

FIGHTING WHITE PLAGUE.

are expected to leave their good jobs next Monday.

For months eastern organizers have been busy in Los Angeles trying to ad local foundry men and iron workers to the list of their organizations.

Believing themselves strong enough to strike a blow to the local manufacturers, the men are on the point of being ordered out, if terms are not agreed upon between the manufacturers and the paid agents of the organization before Sunday night. But the manufacturers will not recognize the union.

About ten days ago a demand was

Fresno Valley

An Acre Up for Rich Soil Unlimited Water, Located Near a Thriving City, With Splendid Railroad Facilities, Telephones, Stores, Schools, Etc.

The opportunity of a lifetime, Mr. Homeseeker, is here in the Fresno Valley Tract. Where else in all California can you secure advantages like these—every condition that makes for success—at anything like this price? This land opportunity is without parallel. The tract is located only 14 miles south of Fresno, is crossed by both the Santa Fe and Southern Pacific railways, each of which has a south of Fresno, is crossed by both the Santa Fe and Southern Pacific railways, each of which has a station on the property. The soil is perfect, lying over a body of artesian water which may be reached at 16 feet. Ditch water is also obtainable at an extremely low rate. And the district is a proven one—prosperous adjoining ranches demonstrate this. You can raise tremendous crops of alfalfa, sugar beets, apricots, peaches, figs, walnuts, and vegetables of all kinds. Your market is at hand or easily reached on account of the splendid shipping facilities. This land can be purchased at \$40 an acre up, on a small payment down, and balance extending over a period of four years. Select your acreage, cultivate it and it will pay for itself, besides making you a good living. Come to my office and get my descriptive folder, which gives complete information. Arrange to go on one of my free special excursions to the tract. Once you see it and realize its advantages for yourself, you will buy.

special excursions to the tract. Once you see it and realize its advantages for yourself, you will buy.

IT'S WORTH SOMETHING to you that there's a store that stands steadily for good clothes and nothing else. The value of this fact to you makes its value to us. We know what it means to the men of this city to have such a store as this, and because it means that we're making it that. The best clothes made; not "perhaps" nor "just as good as;" the BEST beyond any doubt. One standard of quality means one standard of satisfaction.

WE'LL SHOW YOU an elaborate display of the richest, finest, most luxurious clothes made; the kind you expect to pay your tailor \$7.5 to \$100 for; hand-tailored, perfect in style, exact in fit, ready to wear without numberless try-ons; clothes for the man who doesn't care what he pays-\$40, \$45, \$50.

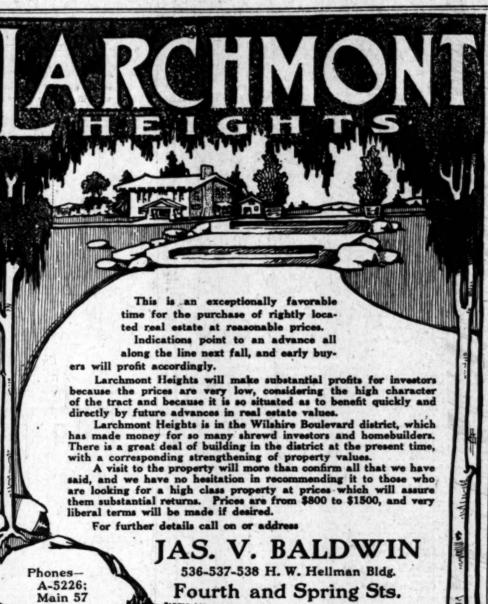

All discorning purchasers appreciate the splendid values represented by our TWENTY-FIVE DOLLAR imported worsted, caselmere and blue serge suits for men. Finest qualities of make and fabric place these garments in a grade ordinarily sold at

We have the best values in the world-\$20, \$25, \$30, \$35, \$40, \$45, \$60

### Advice to Women Message From a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexions and to remove blackheads, crows' feet and cause the trouble lies far deeper than the skin. They are suffering from im-pure and impoverished blood. This tem which finds its expression in sallow, muddy complexion, dark-circled eyes, general weakness of the system, and perhaps most plainly in the weep-ing of mucous membranes that is commonly called catarrh.

In fact this whole cendency is, prog erly speaking, Catarrh. Banish thi catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women tain treatment—that which will cure

Mme. Swift, New York, the fame the world and an accepted authority on all relating thereto, states that the one positive and permanent relief for Catarrh is Rexall Mucu-Tone. Here is her letter:

"I can strongly endorse the claims made for Rexall Mucu-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use I do its strengthening and healing

Rexall Mucu-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflam-mation of which causes local catarrh. This remedy causes poison to be ex-pelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleansed and made strong. We know that Rexait Mucu-Tone does relieve Catarrh. We positively guarantee to refund the money paid us for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexions. Price 50c and \$1 per bottle.

Mail orders filled. It may be obtained only at The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal.; Seattle, Wash., and Portland, Oregon,

### NEWS AND BUSINESS.

Max Kaplan, a 12-year-old schoolboy living at No. 1226 East Twenty-sixth street, while on his way to school yesterday morning, was attacked by a stray dog and bitten several times on the legs. He was treated at the Re-ceiving Hospital by Dr. Carter.

ire Destroys House.

A fire from an unknown cause par A fire from an unknown cause par-tially destroyed the two-and-one-half-story frame house belonging to Mrs. Joseph Dandart, No. 4869 South Ver-mont avenue, yesterday afternoon. The loss was \$2000 on the house and \$150 on the contents.

Double Wedding in Chambers.

There was a double wedding took place in Justice Pierce's chambers yesterday. The grooms were brothers.

The parties were Herbert Henry Thompson, 2s; Mabel Vilet, 2r; James Cufford Thompson, 1s, and Ellen Norrene Collins, 1s. They reside at Monrovia, and were accompanied by numerous members of their various families.

To invite President and Rossewit.
Each Chamber of Commerce on the Paositic Coast will send in whations to the President and to Theodore Rossevelt to attend the Dry Farming Congress, held at 8 spokane, Cotober 3. The invitations will include a cordial request to visit the Coast cities at the close of the convention. These invitations will be engraved and signed by the presidents and secretaries of the commercial bodies.

Our Resources and Advantages.

commercial bodies.

Our Resources and Advantages.

J. W. Irving who has been lecturing through the country and in Europe upon the resources and advantages of California, will give one of his best lectures to the members of the Chamber of Commerce. The date will be announced later. Irving has been under the direction of the Southern Pacific Company. He has a national reputation as an interesting speaker. He uses stereopticon views and moving pictures in connection with his talks.

Absolves Driver.

W. T. Warder, a retired merchant, living at No. 1214 West Twenty-third street, was knocked down and severely injured Tuesday, noon by an automobile driven by H. Sarrisin, No. 1034 Grand View avenue. The accident occurred at Twenty-seventh and Main streets. Warder was crossing the street and walked directly in front of the machine, which was traveling at about ten miles an hour. He says the driver was in no way to blame for the accident. He was treated at the Receiving Hospital by Dr. Carter for several cuts about the head and face, and later sent to his home.

and later sent to his home.

Injured by Gas Explosion.

Emming Rambery, No. 133 South
Figueron; Joe Miklech, No. 865 New
High, and William Lebman, No. 465
South Crocker street, employés of the
Los Angeles Gas and Electric Company, were slightly injured in an explesion of la gas main on Eighth
street, between Spring and Broadway,
yesterday. The nen were repairing a
small leak in the main and had placed
a rubber bladder over the leak. The
bladder burst and the gas became
ignited from a small heater
they were using. Rambery, the most
seriously burned, was treated at the
Receiving Hospital and sent to his
home.

State Eclectics in Session.

The thirty-seventh annual session of the Eclectic Medical Society of the State of California opened Tuesday morning with an attendance of about thirty, and will close this afternoon. Today the election will be held and a number of interesting papers will be read. Yesterday Dr. J. G. Tompkins of San Francisco, read a paper on "The Session of Obstetrics," Dr. O. W. Wellbert, of Los Angeles spoke on "The Session of Gynecology;" and Dr. H. F. Scudder of Redlands gave a reading of "The Session of Eye, Ear, Nose and Throat." Dr. J. T. Farrar, Berkeley, president; Dr. Ada Scott-Conner, San José, first vice-president; Dr. A. J. Atkins, San Francisco, second vice-president; Dr. J. Park Dougall, this city, recording secretary; Dr. C. H. Hervey, San José, treasurer.

### CENSUS OF COUNTY CINKING FUND

Close Followers of Canvass Declare It Was Thorough, and the Estimates of "The Times" Near the Official Figures.

AND CITY COMPLETE

THE census enumeration of Los Andelse city's population was counted some time ago. Supervisor Farmer is well satisfied with the result. He has been working day and night for about two months. From now on his labors will not be as arduous, but he will maintain his office until July 1.

Those who have carefully followed the canvass declare the count has been very thorough. It is predicted that The Times' statement of 200,000 as the census enumerators' count of the population, of this city is pretty close to the official figures. They will be to the official figures. They will be was done to get a full enumerators about two months. It is predicted that The Times' statement of 200,000 as the census enumerators' count of the subjects of the Mikado. "I am very grateful to those who rendered such valuable assistance. It is characteristic of this city to do everything in the best possible manner. We are all vitally interested in seeing Los Angeles credited with a large population. The county has grown surprisingly. Pretty soon, figures will be available that ought to make good boosting material for this section."

During the height of the census

His Hardest Work Is Done.

Census Supervisor Farmer at his desk yesterday afternoon receiving the report that the last canvasser of the county was in.

etween 300,000 and 305,000 when anof the county (excluding the city of Los Angeles) will show a population of slightly more than 160,000, according to the best information obtainable.

Farmer declines to give out any figures. He cannot be blamed, for any infraction of the rule would render him liable to a heavy fine.

"SOMEBODY LIED." DECLARES HE

PUT TO USE.

Nine Hundred Thousand Dellara Will Push Work on Aqueduct.

By a simple vote of the Council yesterday \$872,000 that has been lying idle in the city's sinking fund was turned over for aqueduct uses, and will help push the work on the great

The Finance Committee, which is the sinking fund commission, decided to invest this money in aqueduct bonds, and paid for them at par, plus one-fourth of sary because of the option on all aqueduct bonds held by Kountze Bros., and A. B. Leach & Co., of New York, and the option they hold later on.

City Attorney Hewitt told the Council the action was necessary now by reason of the pend syndicate for the advancement of money for further accelerated the Council Finance Committee,

vestment of the sinking fund the part of the officials to in It is expected the officials will erminate their negotiations before the month is over, and re-

RANCHES OPENED WITH A RUSH

FORTY-SEVEN THOUSAND ACRES

Opening Resembles That of a Gov-ernment Reservation-Motor Car

Service Begun by the Southern Pacific Railroad—What the Visiters Saw—Plans for Progress.

The vast Lankershim and Van Nuys ranchs—47,000. acres—were thrown open to settiement yesterday by the Los Angeles Suburban Homes Company. The opening resembled that of a big government reservation, and all day there was a rush of inquirers and prospective settlers. Railroad service was begun on the Southern Pacific coast line with two gasoline motor cars a day, leaving Los Angeles at 9 o'clock in the morning and 2 o'clock in the afternoon. Other parties came by automobile and traversed the immense grain fields. The motor cars are vice will be continued daily.

This rich valley of 47,000 acres is now a vast wheat field with the ripening grain, and the possibilities of the soul are apparent. Everywhere one sees signs of activity. A new bank results and shown a dispatch from Portland wherein it was stated that Ericson and Leb brick had sent the telegram from the missing woman. EXHIBIT HALL STARTED. Park Structure and Shovel

Will Be Preserved. Excavation was begun yesterday at Agricultural Park for the foundations of the State Exhibit Hall. Attorney W. of the State Exhibit Hall. Attorney w. M. Bowen, who has been actively interested in the plan to group important State and county buildings in the park, raised the first shovelful of earth. The shovel will be gilded and placed among other relics in the hall, when it is completed. Salesman Now Admits Send-

Blames Portland Undertaker for Affair.

State Engineer Ellery, Architect John Parkinson, Perod Engstrum, Paul Engstrum and Ben Thomas, superintendent of construction, were present at the informal exercises. The boundaries for the building were measured and other preliminary surveying done. Contractor Engstrum says the exhibit hall will be finished by January 1. He will be finished by January 1. He will put a large force of men at work Tuesday next.

The building will cost \$250,000. It will be of terra cotta and tapestry brick over a steel frame. It will be used as a permanent home for county exhibits from all parts of the State.

F. W. Lehbrick,

admitted yesterday, after strenuous and persistent denials, that he the fake telegram purported to be from missing Mrs. Smith.

SHOE

"Hanan" Shoes

A 20th Century Product

ROM the old "Prairie Schooner" to the modern "20th Century Limit. ed" is a far cry, yet a contrast of the discomforts of the one with the luxurious ease of the other, is not a greatly overdrawn comparison of the ordinary shoe with "Hanan's" 20th Century product. "Hanan" Shoes, like the "20th Century Limited," are produced for the comfort and ease of their users.

NLY the choice parts of the choices t leathers are used in the construction of "Hanan" Shoes-insuring durability and shape-retaining qualities. The lasts are exact reproductions of the human foot-insuring perfect fit and comfort. The designs are the product of master designers-furnishing an absolute guarantee of correctness. In fine, if there is any desirable feature not embodied in the "Hanan" shoe, it is not yet known to the shoe world. As they stand, "Hanan" shoes represent the ne plus ultra in modern shoemaking.

The 20th Century methods of prompt and courteous attention coupled with "Close Margin Prices," employed in Baker Stores, makes shoe buying a pleasure.

check, will have his hearing in June. Established 1889
The charge of bigamy against Thomas
Hughes, will be heard June 20, Hughes was arraigned and pleaded not guilty. It is charged that he wedded Cora J. Beck, when he already had a wife living. Charles Williams, charged with attempting to commit grand larceny, pleaded guilty and he will be before the court for sentence Saturday.

AN OPEN DOOR. Judge Huttor AN OPEN DOOR. Judge Hutton, following the example set by Judge James, has laid down the rule that his courtroom is to be open to the public during the hearing of divorce actions. Yesterday Attorney E. F. Gerecht asked that the room be cleared during the hearing of the Miller divorce, case, but he had hardly made the motion when the court replied "The motion is denied." Judge Hutton is of the opinion that the public have a right to know what is going on in his courtroom, and there is no rule shutting out spectators in divorce actions.

JUDGE WEST HERE. Superior Court Judge West of Santa Ana, presided in Judge Monroe's departmen yesterday, and listened to the testi money in the Schallert contested divorce action.

NIGHT SESSION OF COURT. In

AN UNUSUAL GUARANTER.

Butter and other cooking fais are perishable, easily become stale and rancid. It is a very unusual thing to guarantee cooking fat, but your grocer is authorized to make you this unqualified offer—if you do not find Cottolene, the vegetable-oil cooking fat, as fresh as the day it was made and perfectly satisfactory, he will cheerfully refund your money.

There is a reason why he can do this. Cottolene is higher quality to start with—purer and more wholesome than lard or other cooking fats. Moreover, it is packed in air-tight palls, which keep it as fresh as the day it was made. There is no chance for air, dusy nor odors to come in contact with Cottolene and that is the reason it keeps fresh and sweet. You wouldn't buy so-called fresh eggs, when you could get guaranteed fresh eggs as practically the same price. Why then take chances with other cooking fats when Cottolene is absolutely guaranteed?

The proposed world-wide peace movement in honor of King Edward is a grand suggestion and we heartily favor it, but we would like to learn the name of the jokesmith who has nominated the Kaiser to be president of the movement, THE GOVERNORSHIP AND THE SEN-

Los Angeles' favorite son, "Phil" A. Stanton, is making a very effective campaign for the Governorship, proving an admirable candidate in every sense of the word. He is making lots of friends—and no mistakes. His tour of the State is accomplishing a twofold purpose. He is bringing himself face to face with the electors and showing them what manner of man is asking for their suf-frages; and he is gathering, meanwhile, a vast store of information about California, its indus-tries, its possibilities, its progress and its needs, which will be of tremendous advantage to him should he be elected to the Chief Magistracy. He has recently invaded the enemy's country with a series of victories, gaining a friendly hearing everywhere and winning new supporters. He impresses all who meet him as a straightforward, independent, clear-sighted business man, with no strings attached to him, just the man needed to ad-minister the affairs of state with a firm hand, an ability sharpened by experience, and a sincere regard for the general welfare.

The Times is gratified to hear that Mr. Stanton

is making such excellent headway in the North. We have always maintained that his should not be regarded as a sectional candidacy, but should be as broad as the State itself. Mr. Stanton's acquaintance with State affairs and his useful career at the capital have given him an equipment for the office of Governor possessed by none of the other aspirants. The Times has advocated his selection on the grounds of genuine merit and special fitness, not merely because he lives in Los Angeles. At the same time it would be a very desirable political asset for Southern California to have one of her sons in the Governor's chair, and it is fortunate that the choice of the South has fallen upon a man of Mr. Stanton's caliber and qualifications. The genuine Republicans of Southern California have given him a cordial and enthusiastic support and will march with him in growing numbers and with increasing confidence from now on to the joining of

the battle in the primaries.

It is, obvious that Mr. Stanton's position would be strengthened if the Republicans of this end of the State should unite upon a northern man for United States Senator-one known to be friendly to the ambitions and desserts of the Southland. We believe this assertion carries itself without argument. With the South backing a northern Republican for the Senatorship, the North would give Stanton a magnificent vote for the Governorship and he would be sure to defeat all comers. It is about time for the Republican leaders to bestir themselves. The idea of John D. Works in Flint's chair is preposterous. Who shall Flint's successor be? Once again we deplare that it would be good politics and good sense to find the right man in the North and to fall in solidly behind him. Gov. Gillett would be the ideal candidate if he would consent to enter the race. But whoever the candidate may be, Southern California has everything to gain and nothing to lose by supporting a northern man to succeed Flint now, and then bringing forward a man of the South to succeed Perkins when the time comes.

THE BREWERY STRIKE-ESSENTIAL TACTICS.

All reports indicate that the strike of the brew-All reports indicate that the strike of the brew-ery workers in Los Angeles will be a failure. They are making no headway. The employers have taken a firm stand and have been vigorously reinforced by the Merchanta and Manufacturers' Association. The breweries are doing business at the old stands and are getting the best of the whole situation. There are signs of weakness in the strikers' ranks, and the public is giving the trouble-makers no sympathy. It is significant that the wives of the laborers are sensible enough to see how things laborers are sensible enough to see how things tend, knowing too well who the worst sufferers from a labor warfare must be, and are using their inuence in behalf of peace.

The breweries now have sufficient forces to run

their establishments and there is every prospect that the imported agitators and sneaks will make no further inroads. The brewerles will win the fight if they keep on as they have begun, with the "no compromise" policy. The deserters struck the first blow and invited a contest; they are getting the worst of it and must take the consequences. The Times hopes, above all things else, that every employing brewer will stand by the workers who came to the front in the time of need and took the deserters' abandoned posts. It would be worse than folly, it would be a crime, to do aught but retain folly, it would be a crime, to do aught but retain these men after the smoke of battle has died away. The breweries would forfeit all claim to public sympathy if they should discharge any of these recruits to make room for strikers when they come back begging for their old jobs. It would be a deadly blow to the open shop principle if any other policy than loyalty to the independent strike-breakers were adopted, and we cannot believe that the employing brewers will fail to see and appreciate

If, on any plea, the breweries should take back into the ranks of their workers the unionite agi-tators, the blunder would work twofold mischief. In the first place, it would encourage the strikers and boycotters in other industries and would take the heart out of independent workmen. And then it would lay the basis for a recurrence of trouble in the breweries themselves. The reëmployed trouble-promoters would not long be quiescent they would soon hatch up charges of bad faith and 'unfairness' against their employers; they would be conspiring, proselyting and strengthening their hands all the time, and before many months had passed would start a fresh strike more formidable than the one now in its throes. The only safe attitude is the uncompromising one. It is the only just attitude—just to the workers who threw up their jobs of their own volition, just to the men who rallied to the vacant posts, just to the allied industries that are helping the brewers win this

trike.

The brewers will, of course, manage their concerns as they see fit and will deal with individual cases as they deem best; but out of the richness of its observation and experience The Times calls attention to the vital principle above laid downthe desirability and necessity of keeping disturbers out of the shop and workers in.

CALLEN REFORMER.

Fred Kohler, Chief of Police in Cleveland, O., for seven years, falls like a broken idol. He was a discovery of Mayor Tom Johnson and won praise from Mr. Roosevelt when he was President. Now he stands accused of "habitual drunkenness, gross immorality, incompetence and failure to obey the orders of his superior officers."

It would be difficult to conceive of a list of

greater disqualifications for so important an office.
Was Chief Kohler ever what he was reputed to
be, and if so how did he come to degenerate so

We venture the guess that this fallen idol was never the pure gold he looked on the outside. The never the pure gold be looked on the outside. The former Mayor who put him in office was a great bag of hot air, full of false pretenses, and a failure in office. He and his police chief belonged to a noisy, pretentious gang of radical reformers whose stock in trade was trying to make out that all wealth was dishonestly acquired and prima facie evidence of guilt. It was all just a ruse to get office and keep office—and such seeking of office is too often a means to an end, and the end the dishonest acquisition of wealth for the "reform" office-holder.

The recole of Cleveland after a while found

The people of Cleveland after a while found their Mayor was a humbug and took him out of office. No wonder his creature soon revealed the cloven hoof.

CHERRIES ARE RIPE.

Cherries are ripe, and with them apricots and plums are crowding into the market, with peaches-right on their heels, to be abundant in a week or so. The State has sent east already sixteen car-

so. The State has sent east already sixteen carloads of cherries, and these brought the gross sum of \$55,000, a little more than \$4000 a car.

The shipments of cherries from this State usually run to about 200 cars a season. There are probably as many more consumed at home, or canned. We are still shipping east 150 carloads of oranges a day, and will continue to do so for the next five or six weeks, when it will probably drop to something like 100 carloads a day.

Even Californians in thousands fail to appreciate the wonderful variety of the products of the

ciate the wonderful variety of the products of the State and the value of them all. Under orchard products the shipments this year are likely to run to something like \$15,000,000 for cherries, apricots, plums, peaches and pears. The oranges and lemons will probably amount to 35,000 carloads, of nearly 400 boxes each. The dried prunes will be worth \$2,500,000 and the canned fruits between \$15,000,000 and \$20,000,000. Olives and olive oil

\$15,000,000 and \$20,000,000. Olives and olive oil will bring in about \$2,000,000 to the orchardists, and nuts \$2,500,000. The total value of the orchard products of the State sold outside of the State bring back a revenue of close to \$75,000,000. Table grapes will bring back to the State nearly \$4,000,000, raisins close to as much, wines nearly \$16,000,000, and brandies nearly \$2,000,000. The vineyard products sold outside of the State bring us back a revenue of over \$25,000,000. Vegetables in their natural condition or canned shipped out of the State bring in about \$9,000,000.

How many of us realize that the fisheries of the State produce a revenue of \$5,500,000? Of course we know the forest products of California are enormous. They are probably worth on the market

Then we come to minerals, including petroleum. This latter this current year will bring in a revenue of nearly \$40,000,000. The gold product of the State will be close to \$17,000,000, copper over \$6,000,000, cement and similar products \$15,000,000 adding almost another \$40,000,000 to the petroleum, making the mineral products of California worth about \$80,000,000.

The animals, with the wool and hides and tallow The animais, with the woof and nides and tailow, add at least \$30,000,000 to the wealth of the State. Various nursery products bring in \$1,500,000, products sold by florists over \$500,000. The fruits not shipped out of the State but marketed in the cities of the State are worth about \$10,000,000, and

If we had time and space the full tale to tell the farm and mineral products of the State of California would foot up \$500,000,000 in our sum-

Shipped out of the State, green deciduou mount to 170,000 tons, citrus fruits 400,000 tons, dried fruits 135,000 tons, raisins nearly 30,000 tons, nuts 10,000 tons, canned fruits 85,000 tons raw vegetables 95,000 tons, and wine and brandy

And how widely distributed these products are! The citrus fruit is mostly from the southern counties, but the San Joaquin Valley is coming to figure as a very heavy shipper of oranges. Up north of the Sacramento River there are two or three valleys which ship a considerable amount of citrus

Butter is produced in almost every one of the counties of the State from the Oregon to the Mex-ican border, and of course where butter is produced cheese is an ally. The amount of the butter produced cheese is an ally. The amount of the butter production of California this year will be not less than 50,000,000 pounds, and the cheese factories will turn out perhaps 7,000,000 pounds of that highly concentrated food. The State produces between

25,000,000 and 30,000,000 dozens of eggs a year.

It is important to note that while we have such an enormous excess of fruit to market in the Eastern States we depend upon the East, or, rather, the Middle West, for perhaps as much butter and cheese, eggs and poultry, as we produce at home.

As to the supply of meat, what is grown in California is a mere bagatelle compared with what is consumed in California. The farmers of the State should take due notice of this fact.

Where alfalfa will grow well the owner of a

piece of land should reflect seriously before he determines to convert his land to any other use than that of growing this valuable fodder. There than that of growing this valuable fodder. There is an opportunity today for thousands of families to go into the country anywhere in California and with a moderate amount of capital establish a chicken ranch from which they will gather a revenue which will afford them a livelihood of no described assertions.

despicable proportions.

Coordinate with the dairy farm is pig raising.

The San Joaquin Valley and the Imperial Valley afford admirable opportunities for the raising of pigs, which are as quick in the returning of revenue as a crop of grain. A pig is ready for market at the end of ten months, if he is treated right, and if people eat meat at all it may well be questioned whether piggy is not just as good as any other kind of animal food.

There is no other State in the Union with such

variety of wealth; there are few that can boast of such value dug from the soils in one way or another, and none in which the variety extends so-broadly over the whole State.

UNCLE WALT, WARBLER.

will bring in about \$2,000,000. Olives and olive oil will bring in about \$2,000,000. The total value of the orchard products of the State sold outside of the State bring back a revenue of close to \$75,000,000.

Table grapes will bring back to the State nearly \$4,000,000, raisins close to as much, wines nearly \$16,000,000, and brandies nearly \$2,000,000. The vineyard products sold outside of the State bring us back a revenue of over \$25,000,000.

Vegetables in their natural condition or canned shipped out of the State bring in about \$9,000,000.

The dairy products, butter and cheese, are worth \$25,000,000, poultry and eggs about \$13,000,000, and boney and wax sometimes as much as \$1,000,000.

Ordinary farming produced results like these: Barley, \$27,000,000; wheat, \$20,000,000; oats, \$6,000,000 for cereals and over \$30,000,000 for hay.

The beet-sugar crop of the State is worth \$7,500,000 each, adding another \$25,000,000.

How many of us realize that the fisheries of the State produce a revenue of \$5,500,000. Of course we know the forest products of California are enormous. They are probably worth on the market

Our Women's Prodigality in Dress.

In no country do women spend so much money on their personal adornment as in America. The American woman is clothes-mad; not only does she wear more expensive clothes and jewels than women of other countries, but she wears a far greater variety, and her taste for elaborateness amounts to a craze. Nowhere in the world does one see this same over-elaborate dressing save among the declassee women abroad—at Trouville, Ostend, or some such continental watering place. Throughout Europe the women of high nobility and social position are like wrens compared with these cockatoos of the half world. It is an unpleasant thought that it is the latter who set the standard which our fashionable women follow with naive avidity.

For, though we have gradually become used to the exaggeration of regarding American women as queens and princesses, we have forgotten that the husbands are not all kings and princes—of finance. The result is that our women, each striving to lock as if she were the wife or daughter of royalty, are driving decent, practical husbands and fathers into frantic, heartbreaking methods in their attempts to maintain a purely fictitious position. The American woman constantly complains of the American man's undue absorption in business and of his resulting deficiencies as lover husband. How much of this, I wonder, is directly owing to the obsession that unless a man can maintain his wife in the alleged "position" of the American woman, he is considered rather a failure? And this position—remember—means, in great part, simply clothes.

Halley, the Man.

Halley, the Man.

When all interest is turned toward Halley's comet, it is interesting to remember that Halley was born'at Haggerston in 1656. His father, who was a wealthy soap dealer, established in the city, sent his son to St. Paul's school, where he very soon made his mark in mathematics and classics. Even at the age of 15 his main delight was in the construction of dials and compass observations. It is a mistake to suppose that he discovered the comet called after him; he merely predicted its periodic return.—[London Globe.

Just Can't.

The local ball teams are not to be held in con-tempt—they would win plenty of games if the other fellows would only let them.—[St. Louis Times.

La Follette's "Eats." Senator La Follette is reported to be suffering from dyspepsia. He should Fletcherize his male-factors of great wealth more carefully when he bites them to pieces.—[Pittsburgh Dispatch. BURDETTE'S COM

Thursday Quality Specials,

RPECIAL NOTICE—Memorial Day, Monday, May 30th, Store WALTER E-SMITH @

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many efforts—rightly directed. There is comfort in the knowledge that so many forms of illness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs and Elizir of Senna, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the only remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is, therefore, all-important, in order to get its beneficial effects, to purchase and note that you have the geruine article, which is manufactured by the California Fig Syrup Co. only.

It is pleasant and refreshing to the taste, and acts cently yet promptly.

It is pleasant and refreshing to the taste, and acts gently yet promptly on the kidneys, liver and bowels, cleaness the system effectually, dispels on the kidneys, liver and bowels, cleanses the system effectually, dispels coids, headaches and fevers and assists in overcoming habitual constipation permanently, also biliousness and the many ills resulting therefrom. The great trouble with all other purgatives and aperients is not that they fail to act when a single dose is taken, but that they act too violently and invariably tend to produce a habit of body requiring constantly augmented doses. Children enjoy the pleasant taste and gentle action of Syrup of Figs and Elixir of Senna, the ladies find it delightful and beneficial whenever a laxative remedy is needed, and business men pronounce it invaluable, as it may be taken without interfering with business and does invaluable, as it may be taken without interfering with business and does not gripe nor nauseate. When buying note the name. California Fig Syrup Co. printed on the front of every package. Price, 50 cents a bottle.

### EVENTS IN LOCAL SOCIETY.

Mrs. Albert Soiland,

who left yesterday with Dr. Solland for a tour through Europe.

MAGINE having an automobile re-fuse to go when you were trying several weeks in Norway, the former to allp quietly away and be married and thus avoid a large and pretento slip quietly away and be married and thus avoid a large and pretentious church wedding. This is what happened to pretty Miss Mebel Phelps and Clarence Douglass Bricker, who left the auto in disguset and continued the journey to the home of Rev. E. P. Ryland in a street car. Miss Phelps of Brighton avenue, and sister of Fred Phelps, who is a member of the Bachelors' and California clubs, and Dr. C. E. Phelps and Mrs. Frank Simmons of this city. On account of her popularity Miss Phelps was doomed to have a large wedding, and the list of several hundred guests had already been carefully made out. The ordeal was too great, and the young people avoided the difficulty by making plans of their own, and they are now in Santa Barbara, where they will remain until they are forgiven. Mr. Bricker is associated in business withis father, William J. Bricker, and the family resides at the Lankershim. He is a University of Virginia shd an Ann Arbor man. He also attended the local High School, and is a member of the Zeta Psi Fraternity.

the Zeta Psi Fraternity.

Miss Lindley Hostess.

Miss Mary Lindley of No. 2627 Menlo avenue was another hostess to compliment Miss Grace Rowley, whose wedding to Thomas Ridgway will be solemnised June 2. Miss Lindley entertained the bridal party at dinner last evening, and later twenty-eight couples were invited in for dancing. The table was decked with white sweet peas and cards, hand-painted with brides and grooms, marked places for Miss Evelyn Kennedy. Miss Mary

Mrs. Clarence D. Bricker, who surprised her friends yesterday

lent, Miss Annis Van Nuys, Maj. Andrew James Copp. Dr. Eversoll. Courtland Brown. Kay Crawford, Mr. Coffman, Mrs. Blankenhorn. Don Carlton, and George Ennis. In the evening Miss Lindley was assisted by Mr. and Mrs. Edwin S. K. Lindley, Mr. and Mrs. Edwin S. Rowley, Mr. and Mrs. Charles E. Anthony, Mr. and Mrs. Percy Clark, Mr. and Mrs. George King Wilson, Mrs. James M. Moore and John H. Lindley. The parlor was enlivened with pink sweet peas, which were featomed about the mantel, while the library was radient with Scotch bloom. Refreshments were served in the garden, which was canopfed and lighted with Japanese lanterns.

Mrs. Jack Porter of Orange was hostess at an elaborate luncheon yesterday, given to announce the engagement of Miss Floy Pixley and J. Glenn Marks. Miss Pixley is the daughter of Mr. and Mrs. D. C. Pixley, and a relative of the Frank Pixleys.

Prisoners who are sent to the peni tentiary from the county apparently think that the District Attorney has syes which see them only in the garb of purity and innocence, if their letters can be taken as a criterion of their thoughts. One written by George Thompson furnishes a good example. Thompson, who is No. 23756, was sent to prison September 1, 1999. He has announced his intention of seeking pa-

announced his intention of seeking pa-tole as soon as his first year of incar-seration is completed, and desires to have the District Attorney recommend it.

Mrs. Ida M. Coimann, widow of the late Martin J. Colmann of San Francisco, who has been visiting in Los Angeles and the southern part of the State for the past year, will leave to-day, on the steamer President for the Sound cities and other northern points. Mrs. Colmann will remain away until the fail, and upon returning will make Los Angeles her future home.

Mrs. Hagan Hostess.

Mrs. Ralph Hagan was hostess at a luncheon, with which she entertained at Hotel Mt. Washington Tuesday. The table was bright with pink aweet peas, and the place cards, which were sent from China to Mrs. Hagan, were sketches of the lucky gate. A guessing game was played, and prizes fell to Mrs. Jack Jenkins and Mrs. J. W. Myers. The guests were Mrs. George Goldsmith, Mrs. Edward L. Doheny, Mrs. J. J. A. Meyers, Mrs. J. Crampton Anderson, Mrs. Carl Leonardt, Mrs. J. J. Jenkins, Mrs. Frank Powell,

NO CLAIM ON RAILWAY. Justice Stephens yesterday rendered judgment for the defendant in the case of George W. Long against the Loss Angeles Railway Company. Long fell from the steps of a car at First and Ohio streets on November 7, 1969. He sued for 1399 damages. The magistrate found that the employes of the company were without blame for the accident.

Mrs. Goldsmith Hostess.

Mrs. George Goldsmith of No. 967
Westmoreland avenue gave a progressive floral bridge party this afternoon and entertained sixteen guests. The decorations were carried out in Japanese effect, yellow and bronze being the prevailing colors. Growing Japanese plants and baskets of sweet peas and lilles of the valley were given as prizes. Mrs. Goldsmith will preside at a similar affair this afternoon. FINED FOR LIQUOR-SELLING. Albert Dimminger of Needles, pleaded guilty to a charge of selling liquor to indians in the United States District Court yesterday. He was fined \$100 and sentenced to zerve six days in the County Jail.

The Most Remarkable Silk Dresses Offered in Los Angeles This Season .

-Values that, if they effect you as they did us, will make you gasp with astonishment.

—117 beautiful dresses of genuine taffeta and pongee silk. We haven't had anything to approach them in the Bargain Basement in style or in price.

—Think of the variety — almost as unusual as the value—ever so many of them 'way under half the price they would sell for regularly.

-Look at the cuts, they are exact drawings of two of

Silk dresses with fancy net and braided yokes, accor-dion pleated and tunic ov-erskirts; some with neat side jabot effects, and trim-med with self covered but-tons, the very latest ideas of Fashion

-Pin stripe, black and white checks, pongee, changeable, old rose, light blue, navy, gray, reseda and taupe— summer's favorite shades.

-117 dresses every size in the lot and hardly a half dozen styles alike.

Our representative must have hypnotized their maker to get them, but they are here—let that suffice. They here—let that suffice. They should go as fast as "the comet" today, for every woman is as eager for new silk dresses this summer as she will be to share an extraordinary value like this.

The greatest silk dress sale of the season. \$8.95.

### **CUT LIGHT AND** POWER RATES.

Recommendation of Public Utilities Board.

From Nine Cents Per Hour Down to Seven.

Corporation Attorneys Take Hurried Leave.

After giving the Lissner Board of ublic Utilities sixty extra days to get ready to make its report on light-ing rates the Council declined to give the lighting companies fifteen minutes

The report advocated a reduction of the base rate for current for light and power from 9 cents per kilowatt hour to 7 cents. As soon as the report was field the City Clerk sent notices to each of the three companies—the Sounthern California Edison Company, the Pa-California Edison Company, the Pacific Light and Power Company and the Los Angeles Gas and Electric Corporation—that the Council would receive the Lissner board's report at 1:30 o'cleck and "hear" the companies. Of course the companies have known since January 1 that Lissner and his noard would be investigating rates and plant values and public service generally and they also knew that when the reports were due in April the time was extended at Lissner's request and again in May Lissner got all the time he wanted. "Insufficent time," has been the Lissner plea in every report.

ficent time." has been the Lisaner plea in every report.
When the report was read yesterday Attorneys Stevens of the Pacific Light and Power Company, Trowbridge of the Edison and Cheney of the Los Angeles companies, asked postponement of the nearing for a week until they could investigate the report and had access to the data on which it was based. Lisaner opposed delay and was supported by City Attorney Hewitt and the Council decided to go ahead with the hearing. Following Hewitt's suggestion they sent for Engineer Comstock of the Lisaner staff, to explain why the reduction in rates was reported.

### **Opportunities**

The Pennsylvania farmer who sold his farm and went West in search of gold missed the opportunity of his life right at his own door—for on the very farm he sold oil was struck, which would have made him a rich man. Many people cannot see the opportunities all around them because they are wearing far-sighted glasses. Many others cannot hear Opportunity when she knocks at their doors, because they are "knocking" themselves. By getting in harmony with the times, by co-operating with manufacturers, importers and jobbers, we take advantage of every turn of the market to bring merchandise into the store at unusually favorable prices—always, however, maintaining our full regular stocks.

The door of Opportunity is open—at Coulter's—will you step inside?

I Offer a Free Consultation and Exam

H. J. TILLOTSON, M. D.

# He was sent to the County Jall for ten days. The Realty Board will ask the City Council Friday night to instruct the Board of Public Works to furnish to realty men or property owners, whenever required a written statement showing whether or not there are taxes, incumbrances or assessments against any specific piece of real estate. If this is done additional help will be required and it is understood the Council is opposed to making a title and guarantee company out of the Board of Public Works. About twenty years ago I began to break out with Exercises the end, legs and arms, and commenced treatment with the local days.

but soon I was as bad off as before, so I finally decided to alone, and for twelve or thirteen years I suffered inten but I soon discovered that your medicine was doing me good as continued to take it. After taking S. S. S. for awhile I was completely cured of the Eczema, not having a single spot left on my body, while before was almost completely covered with the eruption. I want until the Spring to see if it would return, but have seen no signed and am satisfied the cure is permanent. It has been several years are ed the cure is permanent. It has been several ; and I do not believe I will ever have any return of the tro 1017 Hackberry St., Ottumwa, Iowa F. C. NORFOLE

What S. S. S. did for Mr. Norfolk it can do for every an afflicted with a Skin Disease. He is just one of the many who have cured themselves by the simple process of publication of the cause from the circulation. We want be cured if you have any skin trouble, and shall endeavor talk to tell you just why S. S. S. will accomplish the des

The skin is composed of two distinct layers. One is kn epidermis or outer skin, which has no fibres, and serves p a covering to the body. The other is known as the derma of and is composed of elastic fibres, fat tissue glands, lymphans, etc. The thousands of tiny veins and arteries with which section is interlaced, supplies the cuticle with healthful properties the circulation to keep the skin smooth and healthy. We call the circulation to keep the skin smooth and healthy. readily see how necessary it is for the blood to be pu remain free from disease, and also why humors and ac lation always find their way to the surface and cause skin a

All skin troubles are due to a humor or acid in the blood of supplying rich, nutritive properties to the cuticle, constantly deposits an acrid impurity into the sensiti sues. This causes inflammation of the under layer of the splits or breaks the thin outer tissue and causes an ucera glands, producing a discharge upon the surface, in the form of Tetter, Salt Rheum, etc. There is likewise a dry form of str such as Acne, Psoriasis, etc. In these varieties the humor in diseases the pores, hair follicles, etc., causing them to protrude to the outer surface. Pimples, rashes, eru troubles are all due to impure blood, and only a blood p them. Salves, washes, lotions. etc., will perhaps afford a rary relief from the itching, and assist in keeping the six such treatment can have no effect on the humors in the therefore never do any permanent good.

S. S. S. cures Skin diseases of every kind by neutro and removing the humors from the blood. S.S.S. coo heated circulation, builds it up to its normal strength multiplies its rich, nutritious corpuscles, and adds nourishing qualities in every way. Then the skin, irritated and inflamed by fiery humors and acids, is nour and softened by a plentiful supply of rich, pure blood. S.S. greatest of all blood purifiers and therein lies its ability is diseases. It cures Eczema, Acne, Tetter, Salt Rheum, Prashes and all eruptions of the cuticle. These troubles rashes and all eruptions of the cuticle. when the cause has been removed, and S. S. S. will the cause by purifying the blood. Book on Skin Di

AGE BALKS AT THE "EXTRAS."

ARBITRATORS TO DECIDE ON WORK ON HOUSE.

Dispute Between Owner and Builders of Mansion Is Left to Outside Parties for Settlement — Wife's Anger Melts When She Sees Husband Behind Bars.

(BY DIRECT WIRE TO THE TIMES) SAN DIEGO. May 25.—[Exclusive Dispatch.] Because he disagreed with the contractors regarding what should be paid for "extras" on his \$15,000 mansion at Point Loma. Hon. Lyman J. Gage, former Secretary of the Treasury, is bosind to pay what an arbitration board sees fit to assess as the cost. Since last September contractors. Since last September contractors have been at work on the Gage residence. When two weeks ago the builders presented an account for \$885.7.38, alleged to be for work not included in the contract, Mr. Gage refused to pay. The contractors maintain that, under the terms of the contract, whatever disputes arise should be arbitrated.

Honesty speaks for itself.

PARK BANK.

By the "California Auction Co."

Walter C. Durgin Succeeds Perry

By the "California Auction Co."

Weidner as President—Other

Changes in Officers.

The Park Bank of Los Angeles will on June 1, announce several changes among its officers.

Walter C. Durgin, who has been setive vice-president, succeeds Perry W. Weldner as president of the bank. The Weldner resigned in order to become actively interested with the Dank and will be been identified with the Park Bank since its organisation, which succeeded the Dollar Savings Bank & Trust Co., taking over its quarters at Fifth and Hill streets. The Institution has morethan doubled its business during his incumbency, and its deposits have now reached \$1,300,000, Mr. Weldner will retain his holdings and continue as a vice-president and director of the bank, and will keep in close personal touch with its affairs. The promotion of Mr. Durgin necessitated other changes, and the result is as follows: Walter C, Durgin, president; Perry W. Weldner, vice-president; Wilson G. Tanner was the cashier. Earl W. Mueller, assistant cashier. Earl W. Mueller, the new assistant cashier, is connected with one of the pioneer families of Los Angeles. He enjoys an extensive acquaintance and brings strength to the institution.

The directors of the Park Bank are:

J. Wiseman Macdonald, Niles Pease, William D. Stephens, Robert N. Bulla, James C. Kays, E. W. Davies, H. L. Holland, W. C. Durgin, Perry W. Weldner.

PRODUCE EXCHANGE DIRECTORS.

Seven directors to govern the poli-Changes in Officers. The Park Bank of Los Angeles will

Seven directors to govern the poli-cies of the Produce Exchange for the year were elected yesterday morning. They are Chester W. Thompson, E. B. Rivers, H. Y. Stanley, J. B. Jacobs, W. M. McStay, M. Campau and T. R. Lamb. Wednesday next these direc-tors will name the governing officers.

This has the most beautiful cabinet work of select quarter

The grave and reverend members of the Committee on Claims of the United States Senate are not as hard-hearted as they may be painted by their opponents, though it is their duty to guard the interests of the national treasury. An incident that proves this occurred recently. Mrs. Hoskins-Farris was the daughter of a Kentucky slaveholder when the Civil War broke out. In spite of her Confederate atmosphere, however, she turned her home into a hospital for northern soldiers and so tenderly nursed many of them that she wen the name of the "angel of the hespital." Now, at the age of M years, she is in want, and Senator Bradley of her State appealed to the government for aid in the form of a government for aid in the form of a government bounty of \$1000.

Owing to the fact that the granting of such a bounty would be a bad precedent, the Committee on Claims of the Senate turned down the project. At this functure Senator Smoot—he of the Senate turned down the project. At this functure Senator Smoot—he of the State appealed to the committee on Claims of the Senate turned down the project. At this functure Senator Smoot—he of the State appealed to the government bounty of \$1000.

Some six years ago a Breckinridge occurring the government of the functure of the senate turned down the project. At this functure Senator Smoot—he of the Senate turned down the project.

with a subscription of \$100; Bradley followed suit, and within a few minutes the back of an old envelope on which the subscription list was written, contained the names of Guggan and Oliver, were guests of the hotel where young Wright was employed. They were at the hotel for a week or more, ontained the names of Guggan which time Wright was any were at the hotel for a week or more, ontained the names of Guggan which time Wright was any swering the bell in their apartments, she is possible and attentive to business.

The grave and reverend members of the oriental journey is completed. This little story, which comes to light during which time Wright was any swering the bell in their apartments, she is possible and attentive to business.

The grave and reverend members of the oriental journey is completed. This little story, which comes to light during which time Wright was an swering the bell in their apartments. He always appeared promptly when the bell sounded. He responded portion of \$100, and Carter, Bulkley and Briggs, each, for \$50.

men of Cleveland, on their way to the Orient on a leisurely semi-scientific tour, were guests of the hotel where young Wright was employed. They were at the hotel for a week or more, during which time Wright was answering the bell in their apartments. He always appeared promptly when the bell sounded. He responded politely when addressed, and he was faithful and expeditious in carrying out orders.

States Senate are not as hard-hearted as they may be painted by their opponents, though it is their duty to guard the interests of the national treasury. An incident that proves this occurred recently. Mrs. Hoskins-Farris was the daughter of a Kentucky slaveholder when the Civil War broke out. In spite of her Confederate atmosphers, however, she turned her home into a hospital for northern soldiers and so tenderly nursed many of them that she wen the name of the "angel of the hospital." Now, at the age of \$4 years, she is in want, and Senator Bradley of her State appealed to the government bounty of \$1000.

Owing to the fact that the granting of such a bounty would be a bad precedent, the Committee on Claims of the Senate turned down the project. At this juncture Senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Uths—went to Senator Bradley and voluntarily suggested that they "go down in their senator Smoot—he of the Mormon State of Ut

He always appeared promptly when the bell sounded. He responded politically when addressed, and he was faithful and expeditious in carrying out orders.

SAYS MISTAKE IS MADE.

Important Decision Is Given by Assistant Land Commissioner on Applications of Espes.

Mining men are much interested in the forthcoming hearing in the local Land Office in reference to the mineral character of certain lands in San Bernardino county, for which the Southern Pacific Company has made application. The tracts lie along the old right of way of the railroad between Daggett and Needles.

The Southern Pacific filed its application for patent last year. It based its claim upon the provisions of the original grant to the Atlantic and Pacific Railroad—later absorbed by the Southern Pacific. Under the terms of this grant the railroad was entitled to a cach alternate, odd-numbered section of agricultural land.

Through the publicity given the matter by the Chamber of Mines of this city a number of miners and, prospectors filed protests, covering sections which were alleged to be more valuable for mineral than for agricultural purposes. Because of these prospectors filed protests, covering sections which were alleged to be more valuable for mineral than for agricultural purposes. Because of these provides the protests, patent was withheld pending a hearing, in degree of the summer of holding joint annual services by Fartlett-Logan Post, G.A.R. and the Woman's Relief Corps Saturday even.
